## Athletics 365 Workshop

(Free of charge)

Led by Traci Edwards, National Coach Development Programme mentee

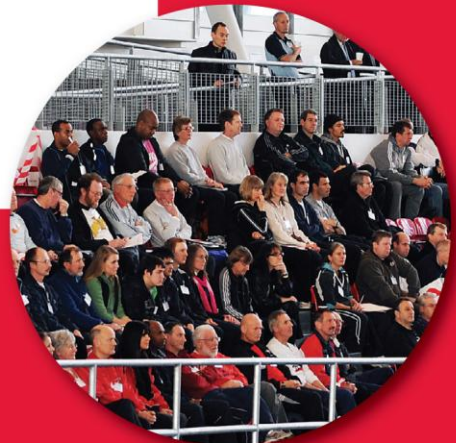

Traci, a junior coach with many years experience and is currently one of the national coach development programme mentees, will be delivering a workshop designed to inform coaches new to Athletics 365 on what it is and how it can be delivered successfully in your club but will also cater for those who need additional support and advice if currently already delivering the programme within their club.

The workshop will begin in the sports centre bar area for a short presentation and will swiftly move into the sports hall for demonstrations of how to use the equipment and coach packs. This is a fantastic opportunity for those who are currently delivering Athletics 365 to come along and share their experiences so far and for those who are new to the concept to learn the what's and the how's!!!

**Wednesday 15<sup>th</sup> February, 7pm-9pm at:**

**Grantham Meres Leisure Centre, Trent Road,  
Grantham, Lincs, NG31 7XQ**

For more information or to book on this workshop please contact Steve Moore, Club & Coach Support Officer, 07920078548 or [smoore@englandathletics.org](mailto:smoore@englandathletics.org)
